and calling for a li
of such villages in whi
there are none and

herein a copy of the Statement concerning the number of villages in the several Taluks of this District received from the Assistant Superintendent of Police, Hassan with his letter No: 502 dated 9th instant.

2. It may be seen from the enclosed statement that out of 2,710 villages, 1,996 villages have not any Chaultry or Chavady provided for them.

3. It is reported that 828 villages are situated in the malnad parts of this District, having a few isolated houses here and there. And the system of night watch in these villages is generally kept either at temples or at the houses of leading inhabitants. But this cannot be said to be a regular practice adopted by the villagers.

4. It is generally presumed that the inhabitants of the villages

of

of Maidan parts Keep night watch at the existing temples in their villages of their own accord, or sometimes at the direction of the village authorities. It cannot be said that there is uniformity of practice of this nature in all the villages. Consequently such of the villagers who do not comply with the directions of the patels and others cannot be compelled or proceeded against under provision of Rule 31A of the village police Rules of 1872.

5. It therefore appears essential that each village should have a Choultry or Chavady of its own as far as possible although such may not be feasible in Malnad villages where houses included within the limits of the same village are very distant from each other. And in order to accomplish this object building materials might be permitted to be taken by the villagers free of cost on a license to be issued

by

by the Amildar and the villagers
should give their labour free
for the Construction of Choultries
Chowdies in their respective
Villages.

Kolhi Taluk have the largest number of populated villages which have no chavadies.

2. At present the village temples, or the school pials if not the verandahs of the Patel's houses are being used as Chavadies by the night watchmen. It is desirable to have a separate Chavadi provided for each village consisting of 50 houses and above or a population of 150 and above, and in all villages the existing places used by village watchmen may be declared to be village chavadies for the purpose of the Village Police Rules until separate chavadies are provided.

3. Patels and villagers will be induced to give up for a chavadi any superfluous buildings they may have or to buy and build one as it is to their own good that their village should be watched by night, and as there should be a suitable place for the villagers on watch to stay in. Government help in the way of free timber would be given.

Enclosure No. 2.

Sir

With reference to Government order No. 1357-65 / Pol 47 of the 16th November 1905, communicated to me by means of your official memo No. 2930/P.C. 145 of the 24th idem abo providing Chavadies in all the villages of the District for purposes of night watch under the village Police Rules, I have the honor to forward herewith a Talukwar list showing the number of villages where it is ascertained Chavadie do not exist now. Their number appears to be rather large, but out of them the malnad villages where houses are few and far between are to be detached. The veranidas

verandas of the houses of Patels or other influen-
-tial men of the locality and also temples
if any; are generally used for transacting
official business in such Malnad villages. There
is no system of night watch as laid down in the
Rules observed here. For it is not possible for the
villagers to leave their detached houses in the
night and keep watch in a central place. But
owing to the opening of roads and Shandies near
Coffee Estates some compact bazars have lately
appeared here & there and the houses and shops
at such places being mostly occupied temporarily
by foreigners, the system of night watch may be
tried there if Chavadies can be built at Govern
-ment cost. Such places are not many and
they are now treated as Pakka villages.-

2. In the maidan parts of the District the total
number of villages requiring Chavadies is 426.
In some of them the buildings that were used
as such have been converted into Hobli schools or
School masters' quarters by the villagers themselves
while them have neglected to build separate Chavadi

Chavadies promised by them. Chavadies in some villages have come down and have not been repaired. In some villages Temples have been all along used for keeping night watch. Under these circumstances the circular contemplated by Government may be promulgated. Every endeavour will be made to have Chavadies Con-structed on the instructions contained in Govern-ment proceedings No. 3253-64 L.F. 59-94 of the 6th September 1895, providing suitable places temporarily as Chavadies for carrying out night watch. An Istihar will be published in each village that the temporary accommodation thus set apart will be deemed "Chowdries" as contemplated in the Police Rules. It seems necessary to add a section in the Police Rules defining the word Chowdry so as to include all places used for the purpose of night watch. This will put an end to the difficulty that may now be experienced in prosecuting cases in to the one commenced upon by the

Deputy Commissioner's Circular No 203 dated 29.11.05 forwarding Copy of Proceedings of the Government in Revenue Case No 171 of 1904-05 on the file of the Honorable Chief Court —

Sir

I have the honor to state that though the observation of the Honorable Chief Court is technically in accordance with the wording of

of the rule yet it is certain that there are many villages in the Province where ~~Chauki~~ Chowkidi or Chavidi as defined in the rule do not exist, the Penal provision intended for the safety of the villagers will practically be paralized. Erecting Separate buildings in places where there are none existing for this purpose, I am of opinion, cannot all at once be effected but will have to be done gradually and until such buildings are completed in all the villages, this salutary and protective measure hitherto adopted cannot be kept in operative. Hence in my humble opinion some modification in the rule is imperative viz that in any village where no Chavidi or ~~Chowkey~~ Chowkidi exists, any Central place such as pial, temple or Gudi may be appointed for the purpose and such place or places to be included within the meaning of Chavidi or ~~Chowkey~~ Chowkidi Contained in the rule.

Till such help is given, and buildings are constructed it is not advisable to expose the villages to risk them of insecurity by depriving them of the benifits of night watch for want of buildings.

For the purposes of Section 31 A. of the Police Rules I am of opinion that all buildings whether Askarkhana Musafarkhanas, Basavana Gudis, or private buildings where the night watch is being held should be declared to be Chavadies.

The information now submitted was sent up to the Deputy Commissioner with this Office No: 782 dated

Sir,

In reply to your letter No 6246 '448 dated the 21st May 906, regarding the submission of a report in the matter of roviding Chavadies for night watch in villages, I have the onor to state that the full particulars required from the uperintendent of Police Mysore Division have not been furnished by him. I invite your attention to his reply No 1127 ated the 25th instant . He has sent up particulars only for of the Taluks and thus the information is still incomplete. have thought it undesirable to wait for detailed informations or other Taluks and so have forwarded herewith the available nformation. The Assistant Superintendent of Police French ocks has supplied the information long ago which I enclose erein.

Office Collect 4.6.06

. From the enclosed statements it is gathered that there are 337 villages and 473 hamlets in which there are no Chavadies. onsidering the No of villages in the whole District which s about 3200, this number is considerable. It is therefore ery desirable that available places should be selected for illages which have no Chavadies and declared as such for urposes of night watch in them, and villages where no buildings f any kind are available should be provided with new Chavadies y the Village agency.

. I have enclosed in original for perusal communications eceived from the Assistant Commissioner of French Rocks Division, nd the Superintendents of Police French Rocks and Mysore Circles.

observed by Government no Chavadies for the use of the village Police. Choultries, Musafarkhanas, Asharkhana temple verandahs and Pials of the Patel and Shanbog houses are now utilized for their purpose. So long as there are no Special buildings set apart as Chavadies, the places named above which are now to serve the purposes of Chavadies by usage should be construed to come within the purview of Section 31 A of the village police rules. If the night watch rules are to be held to be in operation till Special buildings are constructed, many villages would be deprived of the security expected from the Night-watch System. Instead of exposing villages to such unlooked for risk I would think it necessary to name some place as Chavadi for the purposes of the Village Police rules till a permanent Chavadi is built in the case of all villages which have no such Chavadies.

The Deputy Commissioner would be considerable helping the construction of such Chavadies by granting materials free of cost if permissable from the Forest Department.

Deputy Commissioner's Circular no: 263 dated 29.11.05 forwarding copy of the Proceedings of the Government in Rev: case no: 171 of 1904-05 on the file of the Honorable Chief Court.

Sir,

I have the honor to state that though the observation of the Honorable Chief Court is technically in accordance with the wording of the rule, yet as it is certain that there are many villages in the province where Choultry or Chavadi as defined in

to Rule do not exist, the penal provision intended
or the safety of the villagers will practically be para-
lyzed. Erecting separate buildings in places where
there are none existing for this purpose, I am of opinio
cannot all at once be effected but will have to
be done gradually and until such buildings are
completed in all the villages this salutary and
protective measure hitherto adopted cannot be
kept in operative, hence in my humble opinion som
modification in the Rule is imperative viz that in
any village where Chavadi or Chowtry Exists, any centra
place such as a pial, temple or Guri, may be e-
appointed for the purpose and such place or place
to be included within the meaning of Chavadi or
Chowtry Contained in the rule.

2. In this connection, I am to
invite your kind reference to
the suggestion made by this
District Deputy Commissioner
in September 1894 and the order
passed by Government in their
Proceedings N- 3253-64. & 759-94
of 6th September 1895, wherein it
is directed that villagers
should take upon themselves
the construction and maintenance
of chavadis at their own cost,
free grant of wood, for which
purpose, being given in the
manner laid down therein.

3. But the state of things has
not materially improved in spite

of the above concession. I believe
if the Government are to expect
the villagers to come forward and
build chawadies it is necessary
that in addition to the timber
grant roofing materials i.e tiles
are also to be supplied to the
villagers. It may then be reasonably hoped that the villagers may
be successfully persuaded to do
the work.

Official Memorandum No. Y 1501-60
Police 47

Dy 16th November 1895 from the Secretariat
Revenue & Genl Departments to the Dy Comr
Bangalore District

I forward herewith the draft of a circular order which the Govt propose to issue in the matter of providing Choultries or Chavadies wherever they do not exist. Deputy Comrs of Districts are requested to furnish A. I. Reports thereon through the Inspector General of Police who will submit the same to Government with his own opinion.

The number of villages in each District which are now devoid of Choultries should be stated.

Proceedings of the Govt of H.H. the Maharaja of Mysore

Circular order dated Bangalore

November 1905.

The attention of the Govt has been called to a case in which the Chief Court of Mysore has held that the provisions of the rule 31 A of the Village Police Rules of 1872 do not apply to night watch at a Police Station as distinguished from a village Chowkey or Chavadi, and that in a village, where there is no such place as last mentioned an inhabitant who fails to attend the night watch at the Police Station is not guilty of an offence under this Rule.

Govt apprehend that there may be several villages in the State not yet provided with Chowkies or Chavadies, in consequence of which there is a risk of night watch becoming inoperative here, unless the want is forthwith supplied. He are accordingly pleased to direct that in all such

villages the Patels & leading villagers
be induced to set up on a separate
place if any is available as a
village Choultry; and that when
an existing building cannot be
so utilized, efforts be made to get
the villagers to build a new Choultry.

Sd/ K. S. Chandrasekharaiyer
for Secretary.

No. 589-92.

Copy of the above is forwarded to the
Amildar of the Channapatna Taluk
for information.

2/12/05 a list of villages in his Taluk
Here there are no Chavadies at
present should be submitted at
a very early date with his opinion
in the matter.

Office of the Deputy Commissioner
Kadur District, dated Chikmagalur
the 7th March 1906

No: 395

From

M. Chengiah Chetty Esqre B.A.
Deputy Commissioner
Kadur District

To,

F. C. C. Carr Esqre
Inspector General of Police
in Mysore

Sir,

With preference to Government order No: 1357-65 Pol: 47 of the 16th November 1905, communicated to me by means of your official memo No: 2930 P.C. 145 of the 24th Idem about providing Chavadies in all the villages of the District for purposes of night watch under the Village Police Rules, I have the honor to forward herewith a Taluk wise list showing the number of villages where it is ascertained, Chavadies do not exist now. Their number appears to be rather large but out of them the mahad villages where houses are few and far between

re to lee detached. The verandas of
the houses of Patels or other influential
men of the locality and also temples,
if any, are generally used for transacting
official business in such malnad
villages. There is no system of night
watch as laid down in the Rules
observed here. For it is not possible
for the villagers to have their detached
houses in the night and keep watch in a
central place. But owing to the opening
of roads and Shandies near Coffee Estates
some compact bazaars have lately
appeared here and there and the houses and
shops at such places being mostly occupied
temporarily by foreigners, the system
of night watch may be tried there if
Shavadies can be built at Government
cost. Such places are not many and
they are now treated as Dakle villages.
. In the maidan parts of the District
the total number of villages requiring
Shavadies is 426. In some of them,
the buildings that were used as such
have been converted into Hobli schools
& school masters quarters by the villagers
themselves while they have neglected
to build ~~separate~~ Shavadies promised
by them.

Chavadies in some villages have come
down and have not been repaired. In some
villages Temples have been all along used
for keeping night watch. Under these
circumstances the circular contemplated
by Government may be promulgated. Every
endeavour will be made to have chavadies
constructed on the instructions contained
in Government Proceedings No: 3253-644-
59-94 of the 6th September 1895, providing
suitable places temporarily as chavadies
for carrying out the night watch.
An Isthihar will be published in each
village that the temporary accommodation
thus set apart will be deemed "chowltries"
as contemplated in the Police Rules.

It seems necessary to add a section
in the Police Rules defining the word
chowltry so as to include all places
used for the purpose of night watch.
This will put an end to the difficulty
that may now be experienced in pro-
-secuting cases similar to the one in
commented upon by the Chief Court.
